Subject.

Purchase of Quinine for the use of the Mysore Govern^t.

Letter No 1336 dated the 10th March, 1903, from the Senior Surgeon.

Note.

I With the above letter, the Senior Surgeon forwards ~~for the sanction~~ a bill for Rs: 3222/- received from the Director of Govt Cinchona Plantations, Nilgiris, on account of the cost of 200 lbs of Quinine purchased for the use of the Mysore Govern^t, and requests sanction for the payt of the said amount to the Director before the 31st March, 1903. The Senior Surgeon adds that there is only a balance of Rs: 600/- available out of the Budget Grant for the "Purchase of Europe Medicines" and that sum is required to defray minor bills.

2 A provision of Rs: 40,000/- is made in the Current year's Medl Budget under the head "Purchase of Europe Medicine" and out of this grant about Rs: 600/- is said to be available.

3 The present application seems to be for a supplemental grant of Rs: 3222/-

Submitted for orders.

6 As per above orders, the Senior Surgeon was requested, in this Office docket of the 21st March, 1903,

~~requested~~

to submit a reappropriation statement through the Comptroller as required by the recent rules on the subject. In reply, the Senior Surgeon states in his letter No. 1447 dated the 26th March, 1903, that in his letter No. G 332 dated the 18th March 1903, he has already pointed out savings that could be effected under several items in the Current year's Med. Budget. In the last mentioned letter, the Senior Surgeon states that bills to the extent of Rupees 21,079-8-7 remain unadjusted and that there is only a sum of Rs: 652-8-5 available in the Budget for payment, and that he expects a sum of Rs: 25725/- to be saved in the Current year's Med. Budget under the several heads pointed out in para 4 of his letter, and requests that sanction may be accorded to reappropriate the requisite funds therefrom. With the same letter, the Senior Surgeon has also forwarded for the sanction of Govt. 3 proposition statements for the revision of

(1) Senior Surgeon's Office, (2) Medical Stores, (3) Vaccine Institute and (4) Lunatic Asylum.

7. A separate memo regarding the proposition statements will be subd. for orders.

8. Sum of Rs: 3222/- is one of the unadjusted items of Rs: 21,07,000 above referred to, and should be paid before the 31st Current to the Resident's Treasury at the credit of the Director of Cinchona Plantations, Nilgiris, for the quinine purchased from him for the Imperial Govt.

9. If approved, the two drafts subd. may be passed.

12. In his letter No 3365 of 27-5-03, the Senior Surgeon explained to the Comptroller how he anticipates a saving of Rs: 25,125/- in the current year's Medical Budget, out

out-of which he has proposed to reappro-
-priate Rs: 21,079-8-7 on account of the
purchase of Europe Medicines, and
sent him a reappropriation state-
-ment in the prescribed form for sub-
-mission to Govt for sanction. In
reply, the Comptroller in his letter No 6927

of 2-6-03 informed the Senior Surgeon that
in calculating the amount of ~~savings~~ anti-
-cipated savings, he (Senior Surgeon) had
not taken into Consideration leave and
acting allowes and arrears of pay
drawn in the different grades of Officers,
and pointed out to him how the figures
for the anticipated savings should be
worked out, and called for a fresh
reappropriation statement. The
amount of expenditure upto the end
of March, 1903, was also furnished
to the Senior Surgeon. In response to
~~this~~ above Communication from the
Comptroller, the Senior Surgeon returned
the original reappropriation statement
to the Comptroller and informed ~~him~~
~~Officer~~ their that ~~the~~ statement was
designed by Col: Benson and that
if the Comptroller disagreed with
Col Benson's views, a revised state-

In Govt Resp No G 3883-4 / G 3331-92 dated the 8th February, 1904, the Comptroller was authorized to debit the sum of Rs: 3222/- referred to above to the provision in the Medical Budget for 1903-04 under the head "Europe Medicines".

In his letter No 322 dated the 18th March, 1903, the Senior Surgeon reported, among other things, that there was a balance of Rs: 21079-8-7 to be paid to certain Firms &c on account of medicine &c bought of them, and that there was no money for payment, as the amount provided in that year's (1902-03) Budget for the purchase of Europe medicines had been almost all spent. He therefore applied for sanction to reappropriate certain amounts anticipated by him to be saved under other heads of the Budget for that year. The Comptroller was thereupon requested to report upon the savings pointed out by the Senior Surgeon. That Officer discussed at some length each item

new or anticipated savings, and desired to be furnished with a proper reappropriation statement in the prescribed form from the Senior Surgeon. The Senior Surgeon did not furnish the statement called for, and the matter ended by Govt refusing to have, as requested by the Senior Surgeon in his letter No 503 dated 30-6-03, the General savings of the Medical Budget for that year (1902-03) kept under suspense to enable the Senior Surgeon to submit a reapprn statement.

In his present letter, the Senior Surgeon requests that the Comptr may be asked to state from what source or sources, the amount (viz Rs. 21079/odd referred to above) may be reappropriated.

He states that till the end of the year 1902-03, he was supplying medicines to the several Institutions, such as the Lunatic Asylum, the Military Deptt, Engineering & Geological Depts the Jaghirdars of Yelandur &c, and that the value thereof used to be paid into the Treasury by the Depts Concerned & credited to the Medical Budget. Consequently the Budget allotment for Europe Medicine was practically reduced

by that amount and this forms an additional reason for the increased expenditure in question From 1903-04, medicines are supplied to the Depts Concerned on separate indents and the Heads ~~of the Depts~~ thereof requested to pay the amount direct

Three statements received from the Senior Surgeon showing (a) the value of medicines &c supplied to the said Depts (b) the amount realized and (c) the amount remg: unadjusted, are also subd herewith.

Under Financial Rules 21 to 24 Part I, Chapter II, it is the Head of the Dept that should submit a statement of reappropriation through the Comptroller for the orders of Govt.

In the Case under reference, the Senior Surgeon was requested to send a reappropriation statement, but he did not Comply. Paper with flag E

In the last para of the Senior Surgeon's letter, he states "the Govt. of H.H. the Maharaja may be pleased to arrange not only for such a re-appn of funds as may enable me to meet the deficit, but also for an increased allotment in future

future years. If retrenchment (131) is desired, it should not be carried at by cutting down supplies for the present hospitals and dispensaries, but rather by abolishing such as are not absolutely necessary, and declining to open new ones except under very special circumstances. Paras 6, 10 and 11 to 15 of this note refer to this subject by increased expenditure during 1902-03 &c.

Submitted for orders as to whether the Senior Surgeon may be informed that unless he submits a Reappropriation Statement in the prescribed form the Comptroller, Government could take no action in the matter. Draft put up.

30-3-04

This correspondence has been going on since March 1903, but we are no nearer the solution of the question now than we were at the commencement. The fact is that for various reasons the supply of medicines the Medical and other institutions in the State has

enormously increased during recent years and that in spite of the increase of the annual grant from Rs. 40000 to Rs. 50000 in 1903-04, the Senior Surgeon finds himself wholly unable out of that year's allotment to discharge certain heavy liabilities incurred in previous years. I may observe that in dealing with the Budget for 1903-04, the Government took into consideration current demands only and not outstanding obligations as well. In respect of the latter amounting in the aggregate to Rs. 21,079, the Senior Surgeon was asked to submit a reappropriation statement in the prescribed form. He thereupon pointed out certain items, some of which were somewhat indeterminate and consequently not to be correctly foreseen and confidently counted upon, while most of the rest were inadmissible being revenue creditable to the Department and not savings utilizable by it. A proposal for a less objectionable reappropriation, it is useless to insist upon from the Senior Surgeon, seeing that he is unable to put his finger on any considerable item of saving of which he could take advantage. That being so, and the bills being in connection with purchases made from sheer necessity in years anterior to the increase of the grant, there is no alternative but to give the Senior Surgeon a supplemental grant to enable him to pay off the bills. One of the claims had to be urgently met, viz, Rs. 3222 due to the Director of Cinchona Plantations, Neilghiris, and this was ordered to be paid out of the current year's grant which has to be now recouped to that extent, so as not to interfere with the supply reasonably required during the year.

In addition to an appreciable rise in the number of dispensaries, the Victoria Hospital is in no small measure accountable for the excess expenditure unavoidably incurred. In my note dated 15/6/03 dealing both ordinary & extraordinary

Papers with flag A in the Refce file pc

with the Medical Budget for 1903-04, I said "the present grant (under F.Medical Stores I_Europe medicines) is Rs. 40,000 against which Rs. 60,000 have been asked for. In 1901-02 the cost actually incurred was Rs. 54,000. In 1902-03 the Budget allotment of Rs. 40,000 has been exceeded by Rs. 21,079-8-7 for reasons explained in Senior Surgeon's letter No: G 332 dated 18/3/03. The Victoria Hospital is a new institution which is partly responsible for this excess. The number of Dispensaries has also of late largely increased. The grant may be raised from Rs. 40,000 to Rs. 50,000 as otherwise it would impossible to meet even minimum requirements. 14 institutions not entitled to a free supply from the Medical Stores are supplied therefrom, the cost recovered from them being credited to Government. The total amount recovered during the past three years is stated to be Rs. 13,178." From the statement subsequently received from Col. Benson with his D.O. dated 12/3/04, it would appear that some further recoveries have since been made partly in cash and partly by book transfer, that the total recovered up to date is Rs. 17,897-1-3 and that the balance remaining to be realized is Rs. 8614-1-2. It will thus be seen that out of the Budget grants ~~we~~ the Medical Stores have had to supply medicines of the total value of Rupees Twnty Six thousand odd to institutions not entitled to a free supply and the recoveries from which are not allowed to be treated as an addition to the sanctioned grants. This expenditure is reported to have been separately arranged for from 1903-04 so that in future it will not prejudicially affect the Budget grants in the way it has done in the past.

The Senior Surgeon is strongly of opinion that the matter of ~~cost of~~ grant for medicine, Mysore does not

compare favorably with Madras and that the lowest annual grant required is Rs. 60,000. I would invite special attention to his official and demi official communications noted in the margin. The question of allotments to be given for 1904-05 and subsequent years may be reserved for consideration in connection with the Budgets for those years. But what demands very early settlement is the liquidation of debts already contracted and so long outstanding. It is a matter for regret that the Budget grants should have been forestalled in some years and exceeded in others, but it appears to me that the requirements of each succeeding year having had to be anticipated in the preceding year and the necessary supplies purchased and issued in advance, the circumstances of the case are such as to furnish some justification for this course which otherwise would have been wholly irregular.

With the foregoing observations, I beg to recommend that an additional grant of Rs. 21079-8-7 be sanctioned for the current year as early as practicable.

This needs an additional grant. Now 1904-05 a provision of Rs. 60,000 is made it may be considered whether it is proposed that allowances of staff in Madras may be sanctioned for women who are also Medical Graduates from the Madras Medical College when they are employed in Mofussil Hospitals on the same footing as Surgeons.

12. The increase under the head of Establishment amounts to Rs.130/-. Vide Proposition statement No. A attached.

13. Up to the present time, there have been 2 clerks attached to the Medical Stores from the Head Office, their duties being to look after the clerical work in Medical Stores, Lunatic Asylum and General Vaccination Department of the Province. So long as there were only a few Hospitals and Dispensaries to deal with, this arrangement wassufficient to meet the requirements of the case, but as the number of these has increased in 18 years by 280% (the figures being 1885-40, 1903-152) this system is absolutely unworkable, and with the object of separating them I now beg to submit for the consideration of His Highness the Maharaja 's Government, 3 proposition Statements A, B & C showing the increased expenditure which would be involved thereby.

14. I trust that these recommendations will meet with the approval of the Government of His Highness the Maharaja of Mysore, as I am convinced that these charges are essentially necessary for the efficient working of the several institutions of which I have the honor to hold chargeof.

I have the honor to be,
Sir,

50 lakhs.

8. If the same ratio be adopted as regards allotments instead of Rs. 57,110 per annum as is now allotted, we should require Rs. 85,601 and presuming that in Madras also, as in Mysore the strictest economy is exercised (as I know it is) it is self evident that if we wish to keep up with the times, our allotments must be increased. In the Medical Stores here we are compelled out of sheer necessity to purchase one years supply only annually, instead of 3 years supply as in Madras, and it is in part owing to our having made purchases for an 18 months supply, that we are faced with this deficit.

9. I do not advocate that we should jump at once from Rs. 57,110 to Rs. 85,601 but I have no hesitation in saying that our allotment for 1903-1904 should not be less than 75,000. Possibly this amount would suffice for several years, when if found inadequate it might be increased.

10. I have therefore the honor to submit herewith a proposition statement comparing the allotments in Madras and Mysore under the following heads:-

1. Establishment
2. Medical and Surgical Stores.
3. Europe stores
4. Contingent charges

11. The increase asked for under these several heads amounts to 17890 which is certainly not excessive

The

5. In preparing the Budget for 1902-1903, I put down a sum of Rs. 45,000 as being absolutely necessary to meet the demands for this year, but the amount was cut down to 40,000. I may here point out to Government that it is absolutely impossible for me to continue to meet the demands of the various Hospitals and Dispensaries in the Province unless a sufficient allotment is placed at my disposal each year. I have exercised the strictest economy throughout and notwithstanding this I find myself in the awkward situation of having to face a deficit of Rs. 21079/-

6. The supply of medicines to the large Hospitals with the exception of the Victoria Hospital, is not what it should be, in these enlightened days, and it compares very unfavourably with the Madras Presidency.

7. I have the honor to submit for the information of the Government of His Highness the Maharaja, a comparative statement showing the cost of Medicines as supplied to the Hospitals in the Madras Presidency, and the cost of the same for Mysore, from which it will be seen thatthe amount allotted in Mysore is a trifle over 1/8th of that in Madras. The number of Hospitals and Dispensaries is a trifle over 1/5th of those in Madras Presidency, the figures being 152 & 727 respectively whilst the total number of patients treated in Mysore and Madras bears the same ratio 1/5th, the totals being Mysore 10 lakhs and Madras

(e) By extra Indents for Medicines &c required for troops &c proceeding to Delhi for the Coronation Durbar.

(f) By the steadily increasing demands for medicines &c by the various dispensaries and Plague Hospitals throughout the province.

3. Under the above circumstances, I request that early sanction may be obtained from Government for an additional grant of Rs. 21,079-8-7 to liquidate the outstandings- one of which viz. Rs. 3222/- for Quinine has to be paid ~~next~~ this month.

4. A statement showing the different heads in the Budget from which provision could be made to meet the extra cost is shown hereunder:-

S T A T E M E N T

1. Senior Surgeon's pay for 1 month and 10 days Rs.2000
2. Exchange compensation allowance on same.....Rs. 155
3. Pension and Leave allowance.....Rs. 500
4. Senior Surgeon's office contingencies.....Rs. 500
5. Pay of Lady Apthecary at Victoria Hospital , she having been replaced by Hospl: Assistant.. Rs.1130
6. Pay of2 Second Class Hospital Assistants for which provision was made and sanctioned for nine months.....Rs. 720
7. Savings to be effected by non promotion of any officer to the senior grade. of Civil Surgeon.....Rs. 900
8. Savings effected in Sub Assistant Surgeons grade, by the promotion of Messrs. Usman and David.....Rs. 2880
9. Sale of Medicines Rs.5750

Sir,

I have the honor to report for the information of Government that out of the allotment of Rs.40,000/- sanctioned in the current year's budget for the purchase of Europe Medicines, a sum of Rs.39,347-7-7 (as per statement No. 1 attached) has already been expended, leaving a balance of only Rs.652-8-5, while bills to the extent of Rs. 21,079-8-7 still remain unadjusted. (Vide statement No. 11 attached.)

2. The increase in expenditure during the current year is due to the following circumstances:-

(a) By having to pay bills to the amount of £187-9-5 Rs.2813-13- which were outstanding from last year owing to want of funds.

(b) By the purchase of an Electric " X " ray apparatus for the Victoria Hospital at a cost of £ 113-3-1 or Rs. 1687-8-7 and 3 Microscopes at a cost of £. 40-5-0 or Rs. 604-11-0.

(c) By having to meet increased demands from the Victoria Hospital for medicines and appliances.

(d) By the rise in the price of Quinine from Rs. 14 to Rs. 16 per ~~lb~~ - amount purchased 600~~lbs~~

7 I trust therefore that the Government of His Highness the Maharaja may be pleased to arrange not only for such a re-appropriation of funds as may enable me to meet the deficit but also for an increased allotment in future years. If retrenchment is desired it should not be arrived at by cutting down supplies for the present hospitals and dispensaries, but rather by abolishing such as are not absolutely necessary, and declining to open new ones except under very special circumstances.

I have the honor to be,

Sir,

Your most obedient servant

from the Officiating Senior Surgeon in charge of the Medical Stores forwarding a re-appropriation statement in accordance with P.L. 1938-80 dated 18/11/03 and here I would remark that it is obviously of no use my pointing heads from which sums may be appropriated, as the Comptroller takes objection to them, so that I am not in a position to say from what source money is available.

5 Under the circumstances I would suggest that the Comptroller be kindly asked to state from what source or sources the amount required may be re-appropriated.

6 In the address to H. E. the Viceroy at the opening of the Victoria Hospital it was said " that it was Her Highness' desire that the hospital should be maintained as a public charitable Institution available to sufferers of all classes without distinction and as it will be fitted with all the latest improvements and appliances it may confidently be claimed that those who resort to it will derive all the benefits which modern science can provide for the alleviation of human suffering and every endeavour will be made to maintain it in a high state of efficiency, so that it may deservedly rank as one of the foremost hospitals in India &c. I need hardly say that unless sufficient funds are made available that Her Highness' wishes as regards this hospital cannot possibly be carried out unless it be at the expense of other Institutions in the Province.

and joined the British Service, consequently my pay as per Comptroller's statement 1,850, 115-10-0, 412-8-0 minus the amount viz. 370 payable to Col. Smyth as officiating allowance was a distinct saving and therefore was available for re-appropriation.

Item.4. The Comptroller admitted was available for re-appropriation

Items.5,6,7, & 8 He said, could only be verified by a reference to actual expenditure up to date and the probable expenditure for the remaining period of the year- It was precisely in this way that the items were arrived at.

Items 10&11 Were objected to, as the minor head under 18 medical, from which the savings were anticipated, was not referred to- We did not say it was not available.

Items 9 &12 As receipts could not be taken as savings The Comptroller in his No. 6927/136 of 2nd June to the address of the Senior Surgeon and Gany: Commr says, " With reference to the above , I have the honor to state, that what you have stated in your letter are only reasons for anticipating savings and you have not taken into consideration whether the savings as shown by you are not required to meet leave and acting allowances and arrears of pay drawn in the different grades of officers. In order to arrive at an approximate figure anticipated as savings expected expenditure under the different heads of accounts during the remaining portion of the year should be added to the actual expenditure up to date and the sum total compared with the sanctioned grant. The difference between the sanc-

tioned

sanctioned grant and this sum total, will be the anticipatory savings for which reasons are to be assigned as given in your letter. "

In his reply to Col Smyth who was officiating for me in his letter No. 3654 dated 16th June 03 suggested that a revised statment showing what amount of actual savings could be effected under the several items may be kindly prepared as per G.O. No. 71.1938-80 of 18th May 03 and transmitted to government for orders with your report at an early date , as I am afraid the savings so anticipated may lapse on account of the closing of the current official year fast approaching, As no reply was received, the Offg: Senior Surgeon in his No. 503 dated 3rd June 03 asked that Comptroller might be instructed to have the general savings of the Medical Budget for 1902-1903 under suspense to enable this office to submit the re-appropriation referred tobeing met from such savings "

On the 7th July the secretary to Government informed the Offg: Senior Surgeon in his Gal No. 51 — that in accordance with rules the unspent portion of the grant lapses and no additional allotments can be sanctioned after the close of the year.

From the above it will be seen that this Department did all in its power to arrange to meet the deficit by re-appropriation from other heads. The official year having terminated no further action appears to have been taken until the 5th of Feb just after my return when I submitted a letter No. 1452 dated 6th

Sir,

10316-R
No 2730

I have the honor to state that on the 18th March 1903 in my letter No. 332 with 6 enclosures, I addressed the Government of H.H. the Maharaja of Mysore regarding the inadequacy of the allotment sanctioned for the purchase of Europe Medicines, Instruments &c for the various Medical Institutions in the Province, at the same time I submitted a comparative statement showing the amounts allotted for Europe Medicines & Instruments in the Madras Medical Stores, from which it was clear that we were administering our Medical Stores on a very much cheaper scale than Madras and that unless the allotment was increased we could not with efficiency continue as we were doing. I also pointed out that we had to face a deficit of Rs.2107[illegible]9-8-7 and gave reasons showing how this had been incurred. The chief reasons being :- the opening of the Victoria Hospital and some new Local Fund Dispensaries in addition to which, we had been

supplying various Departments and Institutions with medicines, the value of which was paid into the treasury and credited to the Medical budget , but which was not available for us to pay for the medicines so supplied, so that practically our allotment was reduced by that amount.

2 During the year 1903-04 the annual supply of medicines for these several Departments, Institutions have been obtained from England on separate indents and the bill of cost sent to the Head of the respective Institutions for payment direct, so that their cost is not this year borne by the Medical Department and this course will be continued in future. The value of the medicines so supplied is shewn in the statement herewith submitted, excluding 1903-04 when the new system came into vogue it averages over 5000.

3 The result of my letter above quoted was that Government were pleased to increase the allotment for Europe Medicines & Instruments from Rs.40,000 to Rs. 50,000 (whereas I asked for 60,000) but they took no steps whatever to meet the excess incurred over allotment by re-appropriation from other heads but asked the Comptroller to the Government to verify report on the savings as pointed out by me, in my letter No. 3365 of 27-5-03. The Comptroller in his reply objected to items 1,2 & 3 on the score that I was drawing the full pay since July last and apparently would not admit that there was any saving, although I handed over charge on the 27th May 1903

SIR,

With reference to your No.3549 dated 19th Instant forwarding Offg: Senior Surgeons No.1458MS958 dated the 6th Instant an enquiring whether the sum of Rs.3,222 being the cost of quinine purchased for the use of the Mysore Government in March 1903 could be met from the Savings of the Medical Budget for the yea 1902-3 and if not, how I would propose to adjust the same, I hav the honor to state that under Rule 30 part I Chapter II of the Budget Rules sanctioned in Pro: No.1150-1102/18-1901-02 of the 7th February 1903, the Budget grant for 1902-3 has lapsed and th accounts for that year are finally closed the charge in question can however be met from the Rs.50,000/- provided for Europ Medicines under 20D. Medical 4 Medical Stores, 5 Europe Medicines in the current years ~~The~~ budget. The charges under that head up to the end of November 1903 amounts to only Rs.24,826 and a balanc of Rs.25,174/-is still left. If the charges under Europe Medicines should exceed the Budget grant at the latter part of the year a reappropriation can then be made by the Senior Surgeon from some other available grant under Medical.

Rs.2,380 was shewn as savings effected in Sub Assistant Surgeons 1st grade for the official year of Messrs. 12. Rs.5,750 (sale of medicines), Rs.10,140 (sale of vaccine lymph) are not savings from Budget grant but items actually in credit of the Medical Department and so they are to be admitted as actually savings.

10. Rs.250/- was shewn as savings under the head Cholera char as the expenditure up to the 28th February 1903 under this head runs to about Rs.625/-

11. Rs.200/- under the head interment of paupers was anticipated from the sanctioned allotment of Rs.500 in Head Quarters.

Sir,

With reference to Pro: of Govt: and order thereon No.15273/ G.F.331-92 of 31st April 1903, I have the honor to state as follows :-

Rs.2,000/- calculated at 1350/- per mensem from 21st May to 30th June 1903, minus the allowance at Rs.350/- per mensem to be given to Col: Smyth but it ought to be Rs.1500 + 100 + 412-8-0 1.2.&3. respectively, calculation made for one month i.e., June as the Senior Surgeon will be away on other duty elsewhere (under the British Service).

4. Rs.500/- under office contingencies may be fairly expected as savings after meeting all the expenses from the sanctioned allotment of Rs.2000/- (accepted by the Comptroller).

5. Provision made and sanctioned by Government for 10 Lady Apothecaries whereas actually there are 9 Apothecaries as 1 died and so there is a saving of Rs.120/- under this head and not Rs.1130/.

6. Rs.720/ shewn as savings being the undisbursed pay of two 2nd class Hospital Assistants for nine months sanctioned in G.O. No.12245-9/Mis.1973 of 23rd February 03, as they were anticipated to enter the service from 1st April 1903. Of these two, one entered the service on 19th March 03 and the other is expected to join in a day or two and so there is still a further saving of Rs.90/- under this head.

7. Rs.300/- was shewn as savings from the pay of the Senior grade of Civil Surgeon at Rs.100/- for nine months as promotion was anticipated from 1st April 03, as no promotion was given to any one till now. A further saving of Rs.200/- may be fairly an

Reference- Your letter No.3365 of 27th Ultimo explaining in detail how savings are anticipated in the Medical Budget for the current year for reappropriating to meet the excess expenditure under "Purchase Europe Medicines".

Sir,

With reference to the above, I have the honor to state that what you have stated in your letter are only reasons for anticipating savings and you have not taken into consideration whether the savings as shewn by you are not required to meet Leave and Acting allowances and arrears of pay drawn in the difficult grades of officers. In order to arrive at an approximate figure, anticipated as savings, expected expenditure under the different heads of accounts during the remaining portion of the year should be added to the actual expenditure up to date and the sum total compared with the sanctioned grant. The difference that this sanctioned grant and this sum total will be the anticipated savings for which reasons are to be assigned as given in your letter.

As regards items 9 & 12 "sale of Medicines" and "sale of Vaccine Lymph" I am to state that the Revenue Receipts of a Department cannot be taken as actual savings of that Department since the grants for that Department is fixed upon its requirement and not upon the amount of Revenue it earns. Moreover Rule 24 Part I Chapter II of the Financial Rules clearly states that the grant made for the service of a Department alone is to be taken into consideration whenever a reappropriation becomes necessary.

I have annexed in the margin expenditure up to end of 1903 under the corresponding Account heads and to request that will be so good as to send a fresh reappropriation statement

prepared in accordance with the rules.

The original reappropriation statement received with your letter is herewith returned.

COMPTROLLER. GOVT. OF MYSORE,

To H.V.Nanjundayya, Esq., M.A.M.L.
~~THE~~ SECRETARY TO THE GOVT. OF MYSORE,

General and Revenue DEPT. s

SIR,

With reference to your No.14379/0SF331-92 dated 27th Ultir forwarding an extract from letter No. 332 dated 18th idem from the Senior Surgeon and Sanitary Commissioner, and requesting to verify and report on the savings therein pointed out, I have the honor to state as follows :-

Items 1, 2 & 3. It is not clearly known how the Senior Surgeon anticipates a savings of Rs.2000/-, 155/- and 500/- out of his pay exchange compensation allowance and contribution towards Pension and Leave allowances as he is drawing the full monthly rate viz Rs.1,850/-, 115-10-0 and 412-8-0 respectively since July last at which monthly rate only the provision on account of these items is made in the current years Budget.

Item 4. Rs.500/- is available for reappropriation from the contingencies of his office as the expenditure up to the end of February last is only Rs.450/- nearly- the grant being Rs.2000/-

Items 5, 6, 7 & 8. Savings under Establishments can be verified only by a reference to actual expenditure up to date an the probable expenditure for the remaining period of the year. T statement as now furnished by the Senior Surgeon does not admit of verification with the accounts.

Items 10 & 11. It is not stated to which minor head of account under 18 Medical the savings anticipated under Cholera

Enclosure No. 2

Sir,

I have the honor to bring to your notice that out of the current year's Budget Grant of Rs: 50000/- for the purchase of Europe Medicines a sum of Rs 34124-4-9 has already been expended as per statement No I attached, — leaving a balance of Rupees 15875-11-3, while there are bills at present amounting to Rs 28058-.-9 which have yet to be adjusted (vide statement No II attached)

Out of the additional grant of Rs 21079-8-7 applied for in your office G. No 332 dated 18.3.03 to

(82) to meet the liabilities of last year. Government ordered the payment of only Rs 3222/- due to the Director of the Government Cinchona Plantations Nilgiris, on account of Quinine purchased, the balance viz Rs:17857-8-7 + Rs 592-11-10 due to the rise in the rate of exchange or in all Rs 18450-4-5 were met from the current year's grant.

The strictest possible economy was exercised when indenting for Europe Stores this time and notwithstanding only one year's supply was obtained instead of 1½ years as was done last year, there are bills as aforesaid which have to be paid for this year.

I request therefore that you will be so good as to address Government in the matter at an early date and obtain sanction for a special grant of Rs 18450-4- (expended in payment of last year's dues) so that all the bills of the current year may be adjusted.

I have the honor to be,

Sir,
